## MINISTRY OF STEEL AND MINES

(Department of Mines & Metals)

New Delhi, the 9th August 1965

S.O. 2630.—Whereas by the notification of the Government of India in the late Ministry of Mines and Fuel No. S.O. 2759, dated the 19th September, 1963, under sub-section (1) of section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957), the Central Government gave notice of its intention to prospect for coal in 1350.00 acres (approximately) or 546.75 hectares (approximately) of lands in the locality specified in the schedule appended to that notification;

And whereas the Central Government is satisfied that coal is obtainable in 1284.49 acres (approximately) or 520.18 hectares (approximately) of lands out of the said lands;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 7 of the Coal Bearing Areas (Acquisition and Development) Act, 1957, the Central Government hereby gives notice of its intention to acquire out of the said lands—

- (a) the lands measuring 345.12 acres (approximately) or 139.76 hectares (approximately) described in Schedule A appended hereto; and
- (b) the rights of mine, quarry, bore, dig and search for, win, work and carry away minerals in the lands measuring 939.37 acres (approximately) or 380.42 hectares (approximately) described in the Schedule B appended hereto;

NOTE 1.—The plans of the area covered by this notification may be inspected in the office of the Deputy Commissioner, Hazaribagh (Bihar), or in the office of the Coal Controller, 1, Council House Street, Calcutta or in the office of the National Coal Development Corporation Ltd. (Revenue Section), Darbhanga House, Ranchi (Bihar).

**NOTE 2.**—Attention is hereby invited to the provision in section 8 of the Coal Bearing Areas (Acquisition and Development) Act, 1957, which provides as follows:

- 8(1) "Any person interested in any land in respect of which a notification under Section 7 has been issued may, within thirty days of the issue of the notification, object to the acquisition of the whole or any part of the land or of any rights in or over such land.

*Explanation.*—It shall not be an objection within the meaning of this section for any person to say that we himself desires to undertake mining operations in the land for the production of coal and that such operations should not be undertaken by the Central Government or by any other person.

- (2) Every objection under sub-section (1) shall be made to the competent authority in writing, and the competent authority shall give the objector an opportunity of being heard either in person or by a legal practitioner and shall, after hearing all such objections and after making such further inquiry, if any, as he thinks necessary, submit the case for the decision of the Central Government together with the record of the proceedings held by him and a report containing his recommendations on the objections.

- (3) For the purposes of this section, a person shall be deemed to be interested in land who would be entitled to claim an interest in compensation if the land or any rights in or over such land were acquired under this Act."

It may be noted that the Coal Controller, 1-Council House Street, Calcutta-1, has been appointed by the Central Government as the competent authority under the Act.

AND

Their Workmen.

PRESENT:

Shri G. D. Khosla—*Presiding Officer.*

APPEARANCES:

*On behalf of Employers*—Shri S. D. Vimadalal, Bar-at-Law, with Shri S. K. Wadia, Solicitor, Shri K. Y. Nadkarni of Air India.

*On behalf of Workmen*—Shri C. L. Dudhia, Bar-at-Law with Capt. Narendra, General Secy. Indian Pilots Guild.

INDUSTRY: Airlines.

PLACE: Bombay.

*Dated at Bombay, the 26th July 1965*

### AWARD (Part I)

The appointment of this Tribunal was notified by the Central Government, Ministry of Labour and Employment, by its notification S.O. 2560 on the 25th July 1964. On the same day by notification S.O. 2561 an industrial dispute between the Management of Air India and their workmen was referred to the Tribunal for adjudication. The matters in dispute are set out in the schedule attached to the Notification and there are in all 57 items of dispute between the Management of Air India and their workmen and there is also an item relating to the relationship between the wage structure of Air India and the wage structure of the Indian Airlines with reference to comparative categories of workmen performing similar functions.

#### 2. The parties to these proceedings are:—

Party No. 1—Air India Corporation, Bombay to which it will be convenient to refer as the 'Corporation' or the 'Management'.

and

Their workmen which fall into six categories as follows:

Party No. 2—Air Corporations Employees' Union, Bombay.

Party No. 3—Air India Employees' Union, Bombay.

Party No. 4—Indian Pilots' Guild, Bombay.

Party No. 5—Air India Aircraft Engineers' Association, Bombay.

Party No. 6—Indian Flight Navigators' Guild, Bombay, and

Party No. 7—Indian Flight Engineers' Association, Bombay.

3. The Pilots of Air India represented by the Indian Pilots' Guild—Party No. 4 above, have arrived at an agreement with the Air India. The agreement covers all the items which were referred to this Tribunal with the exception of four, viz., Item 21—Provident Fund, Item 27—Passage Regulations, Item 31—Retirement Age and Item 40—Gratuity. The decision with regard to these four items has been left to be determined by the National Industrial Tribunal.

4. A joint application (copy annexed hereto) has been made on behalf of Party No. 1 and Party No. 4 praying that the above-mentioned agreement be passed as an award of the dispute under the various items of the Schedule to the Order of Reference. I accept the settlement in the interest of industrial peace between the said two parties and accordingly make an award in terms of the agreement arrived at between the Air India and the Indian Pilots' Guild with regard to all the items excepting the items mentioned above. The agreement will form part of my award and I make no order as to costs.

Presiding Officer.

BEFORE THE NATIONAL INDUSTRIAL TRIBUNAL,  
NEW DELHI

(REF. NO. NIT-1 OF 1964)

In the matter of the Industrial dispute before the National Industrial Tribunal between Air-India and the workmen as represented by the Indian Pilots' Guild

(Party No. 4)

May it please your Lordship:

The parties named above respectfully submit as follows:—

In their Memorandum No. IPG/GM/N/284 dated 20/29th April, 1964, the Indian Pilots' Guild (Party No. 4) made a number of demands relating to wages and other service conditions, out of which the items specified below have been referred to this Hon'ble Tribunal for adjudication as per Schedule appended to the Government of India, Ministry of Labour & Employment order No. S.O. 2561 dated 25th July 1964.

Without prejudice to the submissions of the respective parties to this Hon'ble Tribunal on the said items, the representatives of the Management and the Guild (Party No. 4) have, in the meantime, carried on negotiations on all the demands, including the items referred to herein, and as a result of the negotiations so held between the Management and Party No. 4, an Agreement, in full and final settlement of the said demands, including the items specified in the Schedule referred to above, has been reached.

The Agreement so reached between the Management and Party No. 4 on the items before this Hon'ble Tribunal, are set out hereunder:—

*Agreement on items in the Schedule to Order No. S.O. 2561 dated 25th July, 1984 issued by the Ministry of Labour and Employment, Government of India.*

*Item 1—Scales and grades of pay*

- (i) Senior Captain (Commander) — Rs. 1500—10—2000  
(ii) Captain (Co-pilot/First Officer) — Rs. 1050— .12344040439

*Item 2—Fixation in the new pay scales*

- (a) The basic pay of a pilot shall be fixed in the scales referred to above, with effect from 1st April, 1984, after adding one increment to his basic pay as on that day.  
(b) In the case of a pilot who has reached the maximum in the existing scale of pay, the next increment in the revised scale will become due on completion of one year's service from the date of fixation.  
(c) In the case of a pilot who had not reached the maximum of the existing scale of pay prior to 1st April, 1984, the date of his next increment in the revised scale of pay will be on the due date of increment in the existing scale of pay.  
(d) When a co-pilot is promoted as Commander, his basic pay in that scale will normally be fixed at the next higher stage with reference to his pay in the co-pilot's scale. If the stage so arrived at exceeds the pay of the junior-most Commander (i.e. Commander drawing the lowest salary) then his basic pay will be fixed at the same figure as the pay of the junior-most Commander.

*Illustration.*—If a Co-pilot is drawing a basic pay of Rs. 1650/-, his pay on promotion will be fixed at Rs. 1700/-. But if the junior-most Commander is drawing a basic pay of Rs. 1600/-, his pay on promotion will be restricted to Rs. 1600/-.

*Item 4—Dearness Allowance*

The dearness allowance shall be payable according to the following scale:

*Basic pay plus efficiency bonus  
and command pay (where applicable)  
on which D.A. is payable.*

*Dearness Allowance*

Rs.	Rs.
1150	232
1250	242
1350	252
1450	262
1550	272
1650	282
1750	292
1800	297
1850 and above	300

*Item 5—House Rent Allowance/conditions governing allotment of accommodation.*

Dropped.

*Item 15—Jet Allowance*

Pilots operating Boeing 707 type of aircraft shall be eligible for the following additional allowance effective 1st April 1964:

Commanders	...	Rs. 1,000 per month
First Officers	...	Rs. 600 per month

*Item 18—Excess Flying Pay*

Senior Captain	...	Rs. 400 per month
Captain	...	Rs. 275 per month

*Item 18—Excess Flying Pay*

Flying duty in excess of 50 hours in a month will, with effect from 1st January 1965, be paid for at the following rates:—

Commanders	...	Rs. 50/- per flying hour
First Officers	...	Rs. 35/- per flying hour

*Item 19—Efficiency Bonus*

It is agreed that an efficiency bonus of Rs. 200/- per month will be paid to Senior Captains and Captains from 1st April 1964, subject to the condition that only half of this efficiency bonus will be liable to be withheld in accordance with the Schedule of Pay Scales and Allowances under Regulation 13 of Air-India Employees' Service Regulations.

*Item 21—Provident Fund*

The benefits of provident fund will be as per Award of the National Industrial Tribunal.

*Item 22—Flight Duty Time, Flight Time and Rest Periods for Pilots*

(a) *Definitions:*

(i) *Flight Duty Time.*—The total time commencing from the time of reporting at the airport and ending with the termination of a flight or a series of flights (chocks on plus 15 minutes), unless broken by a period of rest as stipulated in para e(ii) hereunder:—

(ii) *Flight Time.*—The total time from the moment an aircraft first taxies out under its own power for the purpose of take-off to the moment it comes to rest at the end of the flight. Flight time is synonymous with "Block to Block Time" or "Chock to Chock Time".

(iii) *Total hours of duty.*—The period during which a pilot is performing any function assigned by the Corporation.

(iv) *Rest Period.*—The period during which a Pilot is not assigned any function by the Corporation.

(v) *Clear Rest.*—The period commencing from the time a room is allotted for occupation at the hotel up to the call time, which would normally be one hour before pick-up time.

(vi) *Layover.*—The period spent between "chocks on" and "chocks off" at an outstation.

(vii) *Standby crew.*—A pilot who is required to standby during a specified period, fully prepared and ready to undertake a flight when called upon.

(viii) *Crew Base.*—A place where a pilot is posted either on a temporary or permanent basis. The word "Base" used signifies "Crew Base".

(ix) *Crew Change Station.*—Where a layover or scheduled change of crew takes place.

(b) *Limitations:*

Flight Time:	9 hours (scheduled)
Flight Duty Time:	12 hours

(i) Flight duty time beyond 12 hours can be increased en-route by 2 hours at the discretion of the Commander, provided he is fully satisfied that such action is not likely to jeopardise the safety of the operation.

(ii) Once the flight has commenced, the flight duty time will be the only governing factor even though the flight time may exceed due to adverse winds, diversions, etc.

## NOTE:

(i) For any charter flight a realistic schedule will be made calculated on headwind factor. Such schedule will not be less than the time shown in the timetable of other airlines operating the route with similar aircraft.

(ii) In case of delayed departure on flights, the pilots of the flights and standby pilots will be informed at about pick-up time/standby time of such delay to enable them to utilise the delay towards their rest. If the Pilots concerned are not so informed at about the pick-up time, the flight duty time of the said pilot will be deemed to have commenced from the normal reporting time of the flight.

(c) *Night Flying:*

No pilot will be made to fly for more than two consecutive nights (in local time).

(d) *Periodical Flight Time Limitations:*

(i) 7 consecutive days	...	35 hours
15 consecutive days	...	50 hours
30 consecutive days	...	80 hours
One Calendar year	...	800 hours
(ii) <i>Total hours of duty:</i>		
30 consecutive days	...	200 hours

## NOTE:

The limitation of 200 hours per calendar month shall take into account the time spent in travelling as a passenger for purpose of positioning.

(e) *Rest Periods:*

(i) *Rest period en route.*—If a flight cannot be concluded within the agreed flight duty time limitations, the commander will declare a layover at an en-route station to ensure 8 hours of "clear rest", before continuing the flight to the destination or the designated crew change station.

(ii) *Rest Period at crew change and terminal station other than base:*

Flight Duty Time	Minimum rest period for normal flights	Minimum rest period for delayed flights
	(Clear Rest)	(Clear Rest)
6 Hours or less	10 hours	8 hours
Above 6 hours and up to 11 hours	12 hours	10 hours
Above 11 hours and up to 12 hours	16 hours	12 hours

## NOTE:

(1) In case of flight duty time exceeding 12 hours, rest period will be 20 hours clear rest.

(2) In the case of delayed flights, where the rest period availed of is less than the minimum for normal flights laid down above, the layover allowance and the special travelling allowance will be paid as if the minimum normal rest period shown was availed of.

(3) In the case of flights over the Atlantic which are rerouted, the layover period will be counted from 'chocks on' at the first point of call on the continent of North America.

(iii) (a) If 8 hours of "clear rest" in accordance with para e(i) above is availed of en-route, these 8 hours shall be deducted from the total flight duty time calculated from the time of reporting at the first point of duty to "chocks on" at destination, and the rest period at crew change station/destination shall be in accordance with para e(ii) above.

(b) If, however, as a result of engineering or any other reasons, the clear rest period at en-route station is 20 hours or more, the flight will be deemed to have commenced afresh from that station for the purpose of calculating flight duty time and flight time.

(f) *Rest/Time off Period at Base:*

(i) The minimum rest/time off period, after return from a flight, will be equal to half the number of hours spent away from the base on that flight plus 24 hours subject to a minimum of one calendar day or 36 hours, whichever is more. Where the rest period/time off due at base is one calendar day or 36 hours whichever is more and where such flights arrive (chocks on) at base between 2344 and 2359 hours (local time), the rest period/time off at base will be restricted to 36 hours only.

During the minimum rest/time off period, a pilot cannot be called upon to perform any duty whatsoever and there will be no restriction on his movements.

But, in case where exigencies of operation demand, the rest/time off period at base may be reduced to 24 hours provided that the pilot is so informed at the time of debriefing. However, in case of a pilot returning from a long flight involving more than 3 days' absence from base, the rest/time off period can be reduced to the said 24 hours under the said circumstances provided the duration of his subsequent flight so scheduled will not exceed 3 days from base. The unexpired portion of the rest/time off period shall be added to the next rest/time off period at base.

(ii) Further, in case of following flights, a minimum of 12 hours clear rest will be given to a Pilot:—

- (a) Domestic (within India) flights involving 6 hours or less flight time;
- (b) A sector or sectors of international flights within India involving 6 hours or less flight time; and
- (c) Any other sector flights which involve less than 6 hours of flight duty time and less than 24 hours away from base.

A Pilot will not be scheduled to do more than two such consecutive flights, after which the normal stipulated rest period at base will apply.

(iii) A pilot who is scheduled to undertake a flight or is "Standby" will not be called upon to undertake any other duties 12 hours prior to the "reporting time" of the flight.

(iv) On all postings, temporary or permanent, and on return from such postings, a Pilot will be given a minimum rest period of 24 hours from the time of his arrival; however, on assignments for local flight training, the minimum rest period will be 14 hours after arrival.

(g) *Rest Facilities on Aircraft for Relief Crew:*

In the event of a Pilot at an outstation being unable to undertake a flight and a relief being required to proceed to that station in order to operate that flight immediately on arrival, facilities for horizontal rest or first class seat will be provided to the relief pilot.

(h) *Transshipment:*

Crew scheduling will be planned in such a manner that transshipment of crew from one station to another will be avoided as far as possible. Transshipment by other carriers, when necessary, will be as far as possible, by I.A.T.A. Member carrier using multi-engined modern aircraft. This period will be counted towards total hours of duty.

#### *Item 23—Leave facilities*

As at present, which are contained in the Service Regulations.

#### *Item 24—Standard Force*

It is agreed that the standard force of Administrative posts in the Operations Department of the Corporation and of Pilots in the rank of Commanders and Co-pilots shall be furnished to the Guild once in each financial year. The Guild will be consulted in this matter before such figures are furnished.

**Item 25—Compensation for death or injury**

As at present which are contained in the relevant Establishment Orders read with Regulation 31 of Service Regulations.

**Item 26—Compensation for loss/or damage to baggage of pilots**

It is agreed that pilots will be compensated up to a maximum of Rs. 1,000/- for loss of or damage to their baggage. Such claims will be settled within a period of three months. In case the loss of such baggage is discovered at an outstation, the pilot will be advanced £20/- to buy the requisite necessities. The disposal of articles so bought shall be in accordance with the existing procedure.

**Item 27—Passage Regulations**

It is agreed that passage regulations will be as decided by the National Industrial Tribunal.

**Item 29—Accommodation and layover allowance at layover stations**

(a) It is agreed that outside India the accommodation will be on bed and breakfast basis and the layover allowance outside India applicable to pilots for a layover of over 16 hours and up to 24 hours shall, with effect from 1st March 1965, be the equivalent of the following amounts in local currency in all layover stations except New York and Moscow:

Commanders	...	£ 4- 0-0
Co-pilots	...	£ 3-10-0

The rates of layover allowance applicable to New York and Moscow shall be as follows:—

	Commanders	Co-pilots
New York	\$ 14.00	\$ 13.00
Moscow	N. Rbs. 12.00	N. Rbs. 11.00

(b) Rates for fractional periods of 4 to 8 hours, 8 to 16 hours and 16 to 24 hours will be 60%, 80% and 100% respectively of the applicable rates.

(c) No layover allowance will be payable as at present for a layover not exceeding 4 hours. However, where the layover exceeds 24 hours, layover allowance at the lowest fractional rate (i.e. for 4 hours to 8 hours) will be payable even when the period of layover in excess of 24 hours is less than 4 hours.

**Item 30—Medical benefits/facilities**

It is agreed that the present medical benefits to pilots will continue. Further, the Management has agreed in principle to evolve in consultation with the Guild, at an early date, a contributory scheme, for extending a prescribed amount of medical facilities to the family of a pilot.

**Item 31—Retirement Age**

It is agreed that the retirement age of pilots will be as per Award of the National Industrial Tribunal.

**Item 32—Foreign Allowance**

It is agreed that the basic rate of foreign allowance admissible to a Commander on permanent transfer to a place outside India, Pakistan and Ceylon will be increased to Rs. 1000/- per month effective 1st March, 1965.

**Item 34—Outstation allowance**

(a) It is agreed that the daily outstation allowance admissible on temporary posting of a pilot to a place outside India, Pakistan and Ceylon, will, with effect from 1st March, 1965, be as follows:—

Commander	...	£ 5- 0-0
Co-pilot	...	£ 4-10-0

This allowance will be payable throughout the period of temporary posting.

(b) Existing rates of daily outstation allowances for Moscow will remain unchanged.

**Item 40—Gratuity**

It is agreed that gratuity benefits will be as per Award of the National Industrial Tribunal.

*Item 41—Command Pay (Sr. Captain)*

Command pay of Rs. 300/- per month shall be payable to Senior Captains with effect from 1st April 1964.

*Item 42—Second Class Navigator's Licence Allowance*

An allowance of Rs. 100/- per month shall continue to be payable to pilots holding Navigator's Licences.

*Item 43—Radio Telephone Allowance*

Effective 1st April 1964 an allowance of Rs. 200/- shall be payable to pilots holding Flight Radio Telephone Operator's Licences.

*Item 44—Check Pilot's Allowance*

An allowance of Rs. 200/- per month shall be payable from 1st January 1965 to Senior Captains who are designated as check Pilots.

*Item 45—Night Flying Allowance*

Dropped.

*Item 46—Retirement benefits/alternative employment for medically unfit pilots*

This is a matter of separate settlement dated 24th May 1965, which has been jointly submitted to this Hon'ble Tribunal.

*Item 47—Travel on duty*

A Pilot travelling as "Staff on Duty" will be provided with a definite passenger seat.

*Item 51—Special Travelling Allowance*

It is agreed that the rates of special travelling allowance admissible to pilots while on flying duties for each completed period of 24 hours spent away from his permanent/temporary place of posting shall, with effect from 1st April 1964, be as follows:

Commanders	...	£ 2-10-0
Co-pilots	...	£ 1-15-0

In calculating the completed periods of 24 hours in a calendar month, the fraction of a completed period will be rounded up as follows:

Less than 12 hours	...	Nil
12 hours or more		one completed period of 24 hours.

*Item 56—Date of implementation*

It is agreed that except to the extent provided under items 1, 2, 15, 18, 19, 29, 32, 34, 41, 43, 44 and 51, this Agreement will have no retrospective effect.

Further, this Agreement, which has been reached in full and final settlement of all the demands contained in the Indian Pilots' Guild's (Party No. 4) Memorandum No. IPG/GM/N/284 dated 20th/29th April, 1964, including the items Nos. 1, 2, 4, 5, 15, 16, 18, 19, 21, 22, 23, 24, 25, 26, 27, 29, 30, 31, 32, 34, 40, 41, 42, 43, 44, 45, 46, 47, 51, 56 and 57, as enumerated under Part I of the Schedule appended to Order No. S.O. 2560 dated 25th July 1964, will remain in force for a period of three years from the date of publication of the Award to be made by this Honourable Tribunal.

The Parties pray for the orders of the Honourable Tribunal on this application, which may be passed as an Award of the disputes under various items of the Schedule indicated above.

INDUSTRIAL DISPUTE No. 58 OF 1964

BETWEEN

The Workmen of the Singareni Collieries Co. Ltd., represented by the  
Andhra Pradesh Colliery Mazdoor Sangh (INTUC), Kothagudium  
Collieries.

AND

The Management of Singareni Collieries Co., Ltd., Mandamari Dvn.

APPEARANCES:

Neither party represented in person.

AWARD

By the Government of India, Ministry of Labour & Employment, New Delhi's  
Letter No. 7/26/64-LRII, dated 18th December 1964, the industrial dispute between the employers in relation to the Singareni Collieries Company, Limited and their workmen was referred for adjudication with the following issues framed in the Schedule:

"(1) Whether the Management is justified in not placing the workman Shri Kamari Rajam, blacksmith at Kalyani Khani No. 3 and 5 Incline, Mandamari Division, Tandur Collieries (Singareni Collieries Company, Limited, Mandamari) in Category VI or VII having regard to the actual nature of duties performed by him?

(2) If not, to what relief is he entitled and from which date?"

2. The reference was registered here as industrial dispute No. 58/1964. The parties inordinately delayed the filing of their statements in writing. The claims statement was received only on 10th of April 1965 and the counter by the employer was filed on 17th May 1965. However, today, the 31st July 1965, the parties have informed me that they have reached a settlement and have prayed that an award in accordance with the compromise may be passed.

3. I satisfied myself about the genuineness of the execution of the settlement. Next, I considered whether the terms of the compromise reached cover the issues referred. I reached the conclusion that they do. I will state here the said terms. They are as follows:—

"1. Sri K. Rajam will be promoted to Category VII as Blacksmith with effect from 1st November 1963.

2. The arrears of wages due as per the settlement will be paid to Sri Kamari Rajam within a period of 2 months.

3. The dispute stands fully and finally settled; and

4. There will be no costs."

4. It will be seen that the employer has made K. Rajam a blacksmith and has allowed him the wages of not only of Category VI but of Category VII. It will be noted that under the Coal Award blacksmiths are placed in three categories, Category V, VI and VII. It is evident, therefore, that he has been given the highest wages of a blacksmith under the Coal Award. The claim was that he was working for the past 5 years as such, but, the compromise reached allows him the wages from 1st November 1963 i.e., for about 2 years. As the parties have agreed to this much retrospective effect, I allow it. The issues are fully answered and this Award is passed in accordance with the terms of the settlement.

Report accordingly to Government of India, given under my hand and the seal of the Court this the 31st Day of July, 1965.

STATE: Madhya Pradesh.

INDUSTRY: Mining (Dolomite and Limestone).

*Bombay, dated 2nd day of August, 1965*

**AWARD**

The Central Government, by the Ministry of Labour and Employment's Order No. 24/30/65-LRI dated 19th June, 1965, made in exercise of the powers conferred by clause (d) of sub-section 1 of section 10 of the Industrial Disputes Act, 1947 (Act XIV of 1947), was pleased to refer the industrial dispute between the parties above named in respect of the subject matter specified in the following schedule to the said order to me for adjudication:

**SCHEDULE**

“(1) Whether the management of Messrs C. F. Syndicate Ltd., Baraduar was justified in awarding punishment of suspension from the 9th February, 1965 to 12th February, 1965 and in treating the period from the 1st February, 1965 to 8th February, 1965 as absence in respect of Sarvashri Firtoo Ram, Bhola Ram and Sant Ram, workmen of their Domarpara Lime Stone and Dolomite Mine, Post Office Baraduar, District Bilaspur or whether it was a case of victimisation.

(2) To what relief are the workmen entitled?”

2. After the reference was made and notices were issued on the parties calling for their written statements, the parties have in a joint application dated 24th July, 1965, stated that the dispute was amicably settled by them on 19th June, 1965 in the presence of Officer on Special Duty and Regional Labour Commissioner (C) Implementation, Nagpur, as per memorandum of settlement entered into on that day, copy of which they have attached to their joint application. On a perusal of the application of the parties and the terms of settlement, I am satisfied, that the settlement is fair and reasonable and in the interest of industrial peace. I, therefore, make an award in terms of the settlement dated 19th June, 1965, entered into between the parties, copy of which is attached hereto and marked Annexure “A”.

3. I may further state that in their joint application dated 24th July, 1965 it is stated by the parties that the management has effected payment for the period from 30th January, 1965, to 12th February, 1965, (excluding Sundays) to the three workmen concerned in this Reference on 28th June, 1965, and has also withdrawn the suspension orders in terms of the above settlement.

4. No order as to costs.

Short Recital of the Case

The General Secretary, Dolomite Mazdoor Union (INTUC) Baraduar had raised an industrial dispute over the alleged Victimisation of Sarvashri Firtoo Ram, Vice-President, Bholaram Asst., Secretary and Santram, an active member of the Union by the Management of Domarpara Dolomite and Limestone of Chhotanagpur Forest Syndt., Ltd., Baraduar. The Labour Inspector (C) Raipur had taken up the matter in conciliation on 19th April, 1965 as the same ended in failure. During the visit of the O.S.D. R.L.C. (C), Implementation Nagpur to this Mine on 19th June, 1965, both parties approached him for utilising his good offices for settlement of the dispute in question. He discussed the matter with the Management and the Union on the said date and the following settlement was arrived at.

Terms of Settlement

- (i) On the advice of the Officer on Special Duty and Regional Labour Commissioner (C), Implementation Nagpur, the Management agreed to pay wages at the rate of Rs. 2.50 per day for the period from 30th January, 1965, to 12th February, 1965 excluding Sundays to Sarvashri Firtoo Ram, Bholaram and Santram on or before Saturday the 26th June, 1965.
- (ii) Before making the aforesaid payment, the Management shall also withdraw the suspension order and inform the Union accordingly.

**AWARD**

By its Order No. 2/73/63-LRII, dated the 19th December, 1963, the Government of India, Ministry of Labour & Employment, referred, under Section 10(1)(d) of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, an industrial dispute existing between the employers in relation to the Jamadoba 6 & 7 Pits Colliery of M/s. Tata Iron & Steel Co., Ltd., Jamadoba; and their workmen, in respect of the matter specified below:

“Whether the dismissal of Shri Mazid Mia, Clipman, by the management of Jamadoba 6 & 7 Pits Colliery of Messrs Tata Iron & Steel Company Limited with effect from the 15th May, 1963 was justified. If not, to what relief is he entitled?”

2. The management filed its written statement on 14th February 1964. Its case was that the present dispute was an individual dispute, in that, it was neither supported by sufficient number of workers nor their union and as such it was outside the perview of the Industrial Disputes Act and, moreover, the concerned workman was not a member of any union prior to the date of his dismissal and as such the present Reference was incompetent.

*On merits*, the case of the management was that the workman, Mazid Mia, was working as a Clipman at Jamadoba 6 & 7 Pits Colliery at the relevant time; that on 6th April 1963 he was on 'B' Shift duty in J. P. Seam and he was caught by Shri Subedar Mishra, Havildar, Watch & Ward Department, near the Central Hospital, Jamadoba, while taking away one T.L. Sleeper, belonging to the Company, from underground; that the workman was at once taken to office and produced before the Assistant Manager with the T.L. Sleeper, when a preliminary investigation was held and the statement of Shri Mazid Mia was recorded, wherein he admitted taking away the Sleeper without anybody's permission; that thereafter a chargesheet dated 9th April 1963 was issued to Shri Mazid Mia, the concerned workman, for his misconduct to which he gave a reply; that a departmental enquiry into the above chargesheet was held on 26th April 1963 in presence of Mazid Mia, and he was given full chance and opportunity to cross-examine the witnesses and defend himself; that at the above departmental enquiry the misconduct mentioned in the chargesheet of Mazid Mia was established and, therefore, he was dismissed by a letter dated 6th May 1963 with effect from 15th May 1963; that, therefore, the workman's dismissal was *bonafide* and justified and he was not entitled to any relief.

3. On behalf of the concerned workman, the Secretary, the Tata's Colliery Workers' Union, filed a written statement on 1st July 1964. The defence of the workman as that his dismissal was unjustified and *malafide* and was the result of a totally baseless and perverse finding arrived at in violation of the principles of natural justice, and, therefore, his dismissal should set aside. The workman denied that he was caught by Shri Subedar Mishra, Havildar, while taking away any T.L. Sleeper, belonging to the Company from underground. He further said that the Assistant Manager had written out some statement, which he was made to sign, without reading or explaining the statement to him, that the enquiry held was not at all proper and the finding of the enquiry officer was also perverse; that he had been found guilty on evidence not recorded or produced at the enquiry and, therefore, the enquiry was vitiated and as such it should be set aside.

4. The management was represented by Sarvashri G. Prasad, Chief Personnel Officer and S. N. Singh, Legal Assistant. The Union was represented by Shri P. Chanda, who appeared for the concerned workman. Both the parties filed documents which, with mutual consent, were taken in evidence and marked as Exhibits. Documents filed by the management were marked Exts. M to M-12 and those by the union were marked Exts. W to W-4. No witness was examined on either side.

5. The material facts, relied upon by both the parties, may be stated, in their chronological order, with their exhibit numbers, as below:

6-4-1963: The concerned workman, Mazid Mia, Clipman, was on duty in 'B' Shift in J.P. Seam. While on duty, it is alleged, he was caught red-handed by Shri Subedar Mishra, Havildar, Watch & Ward Department, near the Central Hospital, Jamadoba, while taking away one T.L. Sleeper from underground.

6-4-1963: The statement of Mazid Mia was recorded (Ext. M), in which he admitted that he took away one T.L. Sleeper from underground and he was taking it to his residence without permission from any one for making legs of a *charpai* and that one Havildar, Shri Subedar Mishra, saw him near the Central Hospital, Jamadoba, while taking away the Sleeper and brought him to the office. This statement (Ext. M) bears the thumb impression of Mazid Mia.

9/13-4-1963: A chargesheet (Ext. M-1) was issued to Mazid Mia stating the above facts and he was asked to show cause why he should not be punished for misconduct under Clause 19(2) of the Standing Orders.

17-4-1963: Mazid Mia submitted his explanation (Ext. M-2) in which he denied the charge and said that due to enmity he had been implicated by the Havildar, Shri Subedar Mishra, at it was not at all a fact that he was carrying any Sleeper and, in order to get credit for himself, the Havildar, Shri Subedar Mishra, had played the trick on him. It may be mentioned that in this explanation there is no mention of his earlier statement on 6th April 1963 (Ext. M).

19-4-1963: A notice (Ext. M-7) was given to Mazid Mia informing him that the domestic enquiry would be held on 22nd April 1963, but the said notice, however, shows that this enquiry was cancelled as the Havildar was not available.

22-4-1963: Another notice (Ext. M-4) was given to the workman informing him that the enquiry would be held on 26th April 1963.

26-4-1963: The enquiry was held by Shri N. Sen, Welfare Officer. At the enquiry the statement of Shri Subedar Mishra, Havildar, was recorded and his cross-examination was declined (Ext. M-5). The statement of Shri S. P. Banerjee, Assistant Manager, was also recorded and his cross-examination was also declined (Ext. M-6). The statement of Mazid Mia, the workman concerned, was recorded and he was cross-examined by Shri Subedar Mishra (Ext. M-7). Defence witness, Shri Lachhmi Shankar, Clipman, was examined, on behalf of the workman, and his statement was recorded, but his cross-examination was declined by Shri Subedar Mishra (Ext. M-8). Another defence witness, Shri Azimuddin, Clipman, was examined, on behalf of the workman, and his cross-examination was also declined by Shri Subedar Mishra (Ext. M-9).

29-4-1963: The Enquiry Officer, Shri N. Sen, submitted his enquiry report (Ext. M12).

6-5-1963: The Assistant Chief Mining Engineer issued a letter to Mazid Mia (Ext. M-10), original of which is (Ext. W) informing him that he has been found guilty of the charge brought against him for stealing the Company's material, and, therefore, he was being dismissed from the Company's service with effect from 15th May 1963.

7-10-1963: The Secretary, Tata Collieries Workers' Union, Digwadih, espoused the case of the concerned workman and sent a representation regarding his dismissal to the Chief Labour Commissioner, New Delhi.

20-11-1963: The failure report of the Conciliation Officer (Ext. W-3) was sent.

19-12-1963: The present Reference was made.

26-12-1963: Reference was received by the Tribunal.

#### *Preliminary objection*

6. As regards the preliminary objection raised by Shri G. Prasad, on behalf of the management, that the present dispute is an individual dispute and not an industrial dispute, and, therefore, the present Reference is incompetent, he relied on the fact that the workman was dismissed on 15th May 1963, but his case was taken up by the Union on 7th October 1963, as it will appear from Ext. M-3. although admittedly this union was in existence in this colliery for the last 4 or 5 years from before the dismissal of the workman concerned, simply because the workman became a member of this union after his dismissal and he was not a member of this union before his dismissal. He further contended that the membership register (Ext. M-2) and the counter-foils (Exts. W-1 and W-4) have all been fabricated for the purpose of the present Reference in order to show that the workman was a member of this union from before his dismissal since 22nd June 1962, otherwise in truth he became a member of this union after his dismissal. In reply, it was contended, on behalf of the workman, by Shri P. Chanda that the membership register (Ext. M-2) as well as the counter-foils (Exts. W-1 and W-4) could not but be genuine because they were verified and signed by the Conciliation Officer on 6th April 1963 and again on 6th November 1963.

7. I have examined the membership register Ext. W-2 and counterfoils, Exts. W-1 and W-4, and I find the position to be this:

The membership register (Ext. W-2) for Digwadih Colliery is from 10th April 1962, to 23rd November 1962. Against serial No. 154 is the initial, it is said, of the Conciliation Officer. It does not, however, appear as to why the date of receipt number upto serial No. 148 is 10th April 1962 and thereafter from serial No. 149 it is 7th April 1962 and thereafter again from 166 it is 10th April 1962. The initial dated 6th April 1963 appears against serial No. 154 dated 7th April 1962. In this register at the end of Digwadih Colliery membership, it is signed by the Conciliation Officer on 6th April 1963 and thereafter the register contains the names of the members of Jamadoba 6 & 7 Pits Colliery and it begins from 7th April 1962 to 20th August 1962 and thereafter the membership of Jamadoba Power House 6 & 7 Pits begins. Serial No. 13 is of Shri Mazid Mia and against his name there is signature or initial probably of the Conciliation Officer on 6th November 1963. On an examination of the register it does not at all appear to have been fabricated for the purpose of the present Reference. This register appears to have been produced from time to time before the Conciliation Officer, as his initial appears at different places. I, therefore, hold that the membership register (Ext. W-2) is genuine;

The counterfoil receipts for Digwadih are from No. 18301—18327 and the receipts Nos. 18328 onwards are for Jamadoba 6 & 7 Pits Colliery. It appears that in some of the receipts relating to Digwadih Colliery names of the members were mentioned, but they were not dated and signed by the Secretary, because subscriptions were not paid, but after mentioning their names, and keeping dates and signatures of the Secretary blank, receipts of Jamadoba 6 & 7 Pits Colliery commenced, which are all signed by the Secretary and dated. I have, therefore, no doubt that these counterfoil receipt books have been maintained in the ordinary course of business and are genuine.

Relying, therefore, on the membership register (Ext. W-2), as supported by the counterfolios (Exts. W-1 and W-4), I hold that Mazid Mia, the concerned workman, became a member of this union on 22nd June 1962 before his dismissal on 15th May 1963 and as such this union had jurisdiction to espouse the case of the workman concerned and to convert his individual dispute into an industrial dispute and, accordingly, this individual dispute is an industrial dispute and as such the Reference was competent.

### On Merits

8. The principles governing jurisdiction of an industrial tribunal dealing with an industrial dispute have now been set at rest by several decisions of the Supreme Court. I will, however, refer to one of such decisions on this point and that is the case of *Tata Oil Mills Co. Ltd. Vs. Their Workmen*, (1963) 6 F.L.R. 257, in which it has been observed as follows:

"The true legal position about the jurisdiction of the Tribunal in dealing with an industrial dispute of this type is now well settled. If it is shown that the employer has held a proper enquiry, the Tribunal would not be entitled to consider the propriety or the correctness of the conclusions reached by the Enquiry Officer at such enquiry. The Tribunal will be entitled to consider the said conclusions if they appear to be perverse or if the Tribunal is satisfied that the enquiry was unfair, or, either the proceedings or the final order passed against the workman amounted to victimisation or adoption of an unfair labour practice. If none of these facts is established, then the findings made by the Enquiry Officer in the domestic enquiry should be taken to be binding against the employee."

9. Bearing in mind the above limitations of its jurisdiction in dealing with an industrial dispute by an Industrial Tribunal, I will not proceed to deal with the domestic enquiry and the objections thereto raised, on behalf of the workman.

The first objection raised by Shri Chanda was that the finding of the Enquiry Officer was perverse, because the Enquiry Officer did not probe into the cause of the dismissal of the concerned workman, nor did he consider that no one could bring such a Sleeper from underground and further that he should not have disbelieved the two defence witnesses on the ground that they did not remember the date, when they accompanied the concerned workman and when they found him carrying no Sleeper. I am afraid, there is no substance in this objection. The Enquiry Officer, as appears from his report, Ext. M-12, has in clear terms stated that "on the face of the convincing evidence submitted by Shri Subedar Mishra, and Shri S. P. Banerjee, I feel satisfied that Shri Mazid Mia is guilty of the charge brought against him." It cannot, therefore, be said that his finding that the concerned workman was guilty is not supported by any evidence or his entirely opposed to the whole body of the evidence adduced before him.

The Enquiry Officer has considered the evidence of the two defence witnesses and it cannot be said that he was not justified in not relying on their evidence, when they could not remember the date, when they accompanied the accused in the night after 'B' shift duty, when he had no sleeper with him. The evidence given by the defence witnesses is vague and indefinite, and, therefore, the evidence of these two defence witnesses did not negative the evidence given by the eye witnesses.

The contention that no one could bring the Sleeper from the underground and, therefore, the prosecution story was improbable was not placed before the Enquiry Officer, otherwise there is no reason why he should not have dealt with it. In my opinion, it deserves no attention also because this point was not brought out in the evidence at the enquiry at all nor was it put to any witness in his connection. It may be mentioned that neither Shri Subedar Mishra (Ext. M-5), nor Shri S. P. Banerjee (Ext. M-6) were cross-examined by the workman concerned at all, nor did the workman put to Shri Subedar Mishra, as now alleged, that there was enmity with him. The proper persons to be asked on the question whether it was probable to bring the Sleeper from underground, were the two witnesses of the management, but not a single question was put to them, and, as a matter of fact, as stated above they were not cross-examined by the workman, who declined to cross-examine them. Even the two defence witnesses could have been asked on this point, but they were not asked. The workman was given fullest opportunity to cross-examine the two witnesses, mentioned above, who were examined on behalf of the Company, but the workman did not cross-examine them and he

examined his two witnesses, who were cross-examined by the Enquiry Officer. It cannot, therefore, be said either that the enquiry was not fair or that the concerned workman was not given the fullest opportunity at the enquiry to cross-examine the two witnesses of the Company and to defend himself.

The Supreme Court in the case of *Hamdard Dawakhana Wakf and its workmen* (1963) 6 F.L.R. 86, has observed that Industrial Tribunals would be justified in characterising the finding recorded in the domestic enquiry as perverse only if it is shown that such a finding is not supported by any evidence or is entirely opposed to the whole body of the evidence adduced before him. Judging in this light it is clear that the finding of the Enquiry Officer is not at all perverse as it is fully supported by the evidence on record.

10. Another objection, taken by Shri Chanda, was that the statement, which the concerned workman is alleged to have made on 6th April 1963, and which was recorded by the Assistant Manager (Ext. M), was relied upon by the Enquiry Officer, without supplying its copy to the concerned workman and without drawing the attention of the concerned workman to it. In my opinion, this objection also has no merit. This statement Ext. M was alleged to have been made by the concerned workman on 6th April 1963 and his thumb impression appears below his statement (Ext. M). In his reply Ext. M-2 to the charge-sheet Ext. M, he does not deny his statement (Ext. M) at all, nor does he say, as it is argued, that the statement was a prepared statement and he was only asked to put his signature on it. A look at this statement shows that it could not be a prepared statement, although I find that there are two cuttings in the statement; At first it was mentioned 'one chaprasi' Shri Subedar Singh, but later, the word 'chaprasi' was cut out and in his place 'Havildar' was mentioned and the word 'Singh' was cut out from the name of Shri Subedar and 'Mishra' was added and at the top and bottom the word 'Trammer' was cut and the word 'Clipman' has been put, but otherwise there is no cutting anywhere and the thumb impression is very clear which appears at the bottom of the statement. The concerned workman was not examined before the Tribunal. No doubt, in his explanation (Ext. M-2) to the chargesheet, the workman denied the charge and said that he had been implicated due to enmity by the Havildar, but there is no mention, as stated, to his earlier statement, nor, did he deny at all his earlier statement. Subsequently, when he was examined at the enquiry on 26th April 1963, as it will appear from Ext. M-7, there also he did not deny his statement (Ext. M), nor did he say anything about it in his statement, which was open to him to do. Shri Subedar Mishra has stated in his evidence (Ext. M-5) that Shri S. P. Banerjee took down the workman's statement and also took charge of the sleeper. These statements were against the concerned workman but in spite of that, the concerned workman, although present at the enquiry, and although these statements were made in his presence, he declined to cross-examine him, as will appear from Ext. M-5. Then again, Shri S. P. Banerjee, Assistant Manager, stated (Ext. M-8) that he took down the statement of Shri Mazid Mia on the spot in which he admitted to have taken the sleeper for the purpose of making the legs of the cot. This statement was made in presence of the workman, still he declined to challenge its truth and to cross-examine this witness. In view of these circumstances, it cannot be said that a copy of the statement (Ext. M), taken in presence of the concerned workman, bearing his thumb impression, should have been supplied to him and it should have been put to the concerned workman, when he did not deny the same at any stage of the enquiry, either in his reply to the chargesheet or at the enquiry and that it should not have been referred to for any purpose whatsoever by the Enquiry Officer in his enquiry report (Ext. M-12). I may add that no doubt the Enquiry Officer has referred to that statement of the workman recorded by Shri S. P. Banerjee, on 6th April 1963 and thereafter mentioned four facts, which emerge according to him, but all these four facts are proved from the evidence of these two witnesses themselves. But his finding, that the concerned workman is guilty of the charge, is based only on the evidence of Shri Subedar Mishra and Shri S. P. Banerjee as it will appear from the last paragraph of his report. For these reasons, in my opinion, the enquiry report is not vitiated at all and the enquiry report does not suffer from any infirmity.

11. I, therefore, hold that the enquiry was fair and it does not suffer from any infirmity and the fact that the Enquiry Officer, has referred to the concerned workman's statement (Ext. M), has not at all prejudiced him, when he did not deny the same at any stage of the proceeding, and, therefore, principles of natural justice have not been violated.

12. The result, therefore, is that the Reference is decided in favour of the Company by holding that the dismissal of Shri Mazid Mia, Clipman, by the management of Jamadoba 6 & 7 Pits Colliery of Messrs Tata Iron & Steel Co. Ltd., with effect from 15th May 1963, is justified, and, therefore, the concerned workman is not entitled to any relief.

13. This is the award, which I make and submit to the Central Government under Section 15 of the Act.

PRESENT:—Dr. Mir Siadat Ali Khan, M.A., LL.B., Fazel (Osm) B. C. L., (Oxon) D.Phil., (Oxon); Bar-at-Law; (Lincoln's Inn) (London); CHAIRMAN, INDUSTRIAL TRIBUNAL, Andhra Pradesh, Hyderabad.

INDUSTRIAL DISPUTE No. 1 of, 1965

BETWEEN

Workman of Singareni Collieries Co., Ltd., Mandamari.

AND

The Management, Singareni Collieries Co., Ltd., Mandamari.

APPEARANCES:

AWARD

The industrial dispute between the workmen and the employers of the Singareni Collieries Company Limited, Mandamari, was referred for adjudication by the Government of India, Ministry of Labour & Employment, New Delhi's letter No. 7/28/64-LR-II dated 30th December 1964 with the following issues framed in the Schedule to the Order of Reference viz.:

"(1) Whether the management of Singareni Collieries Co., Ltd., is justified in not placing the workmen viz., (1) Sri Abdul Rahman, (2) Sri Khaja Nasseruddin, (3) Shri Chand Anand, (4) Shri Lakkala Kotlingam, (5) Sri Medari Sammaiah, (6) Sri Muthuri Rayanarau, (7) Sri Chandragiri Posham, (8) Sri Rahmat Khan, (9) Sri D. Anthony, (10) Sri Padapalli Rayabose, (11) Sri K. Chandraiah, (12) Sri G. Shanker,

(13) Sri G. Madaniah, (14) Sri P. Chander Rao, (15) Sri R. Rajesham, (16) Sri Pendala Rajam, employed at Kalyani Khani Mines, Mandamari Division in Category-II as Tub-repairing mazdoors prior to the 1st June, 1963?

(2) If not, to what relief are the said workmen entitled?"

2. The reference was registered here as industrial dispute No. 1 of 1965. The claims statement was filed on 10th of April 1965 and the counter of the employer was not filed at all. Instead, today I have received a settlement entered into by the parties. I proceed to pass an award in accordance with the settlement.

3. First, I may mention that Issue No. 1 was whether the employer of Singareni Collieries Co., Ltd., was justified in not placing the 16 workmen mentioned in Category-II as Tub-repairing mazdoors prior to the 1st of June 1963. It may be noted that the employer had entered into a compromise with the Tandore Coal Mines Labour Union on 31st May 1964 by which Category-II wages were given to all the sixteen workmen, but, only from 1st of June 1963. The Andhra Pradesh Collieries Mazdoor Sangh (INTUC) carried on the dispute with the employer and demanded that category-II wages should be given to each of these workmen from the date of the Coal Award viz., 26th May 1965, or the date of the appointments of these workmen. The settlement now reached is in respect of these demands by which five workmen have been given arrears of wages from 10th October 1962 to 31st May 1963 and one workman has been given the arrears from 21st February 1964 to 20th May 1964. It appears that these were the dates of their engagements. Anyway, the final term of the settlement mentions categorically that the dispute stands settled fully and completely. I reproduce the terms of the settlement below. They are as follows:

"(1) The claims of the 16 workmen whose names are listed in the Schedule to the order of reference have been carefully examined and it has been agreed that the following workmen should be allowed category-II emoluments in respect of the periods noted against their respective names:

(1) Sri Abdul Rahiman	..	10-10-62 to 31-5-63
(2) Sri Khaja Nasiruddin	..	10-10-62 to 31-5-63
(3) Sri Peddapalli Rayabose	..	21-2-64 to 20-5-64
(4) Sri K. Chandralah	..	11-10-62 to 31-5-63
(5) Sri G. Shankar	..	11-10-62 to 31-5-63
(6) Sri Pendala Rajam	..	11-10-62 to 31-5-63

(2) No arrears are payable in respect of the other 10 workmen specified in the reference as they were correctly allowed Category-II wages from the due dates.

(3) The dispute stands settled fully and completely."

The settlement is signed by Sri P. S. Temurnikar, Agent, Mandamari Division, and Sri S. Narayana Reddy, General Secretary, Andhra Pradesh Colliery Mazdoor Sangh. I am satisfied that the settlement is genuinely entered into. I am also satisfied that it covers the issues referred to. My answer to the issues will, therefore, be that the employer was not justified in not placing the above-mentioned six workmen only in Category-II wages as Tub-repairing mazdoors from before the 1st of June 1963 and the relief to which these workmen are entitled is the amount of the arrears paid to them.

Award accordingly, given under my hand and the seal of the Court, this the 4th Day of August, 1965.

**AWARD**

By S.O. No. 51(45)/63-LR-IV, dated the 30th August, 1963, the Central Government in the Ministry of Labour and Employment has referred to this Tribunal, for adjudication an industrial dispute, existing between the employers in relation to the Central Bank of India and their workman. The terms of reference are as follows:—

Whether the termination of service of Shri T. N. Razdan Clerk Karol **Bagh** Branch of the Bank at New Delhi is justified? If not to what **relief** the workman is entitled.

2. When the matter came up today for hearing before me Shri C. L. Chopra for the management and Shri M. L. Razdan for the workman put in appearance. The latter has made a statement that in view of a communication received by him from Bank that the matter has been settled, he withdraws the dispute. Shri C. L. Chopra who is present on behalf of the management states that he has no information. Since Shri Razdan is the General Secretary of the Union and its authorised representative and also father of the workman concerned the dispute is allowed to be withdrawn and a no dispute award is passed accordingly.

# AWARD

This is a reference by the Central Government under Section 7A and Section 10(1)(d) of the Industrial Disputes Act, 1947, for adjudication of a dispute between the Bombay Port Trust, Bombay, and their workmen, in respect of the matters specified in the Schedule which are as follows:

"Whether the monthly incremental scales of pay of the following categories of Dock Shore Workers need any modification, in the light of the recommendations of the Second Pay Commission, for purposes other than processing of piece-rates, namely, calculation of basic pay and allowances at the time rate, leave salary, provident fund benefits (including special contribution) and other service benefits to:—

- (1) Mazdoor 'A' category (2) Morpia, (3) Baroot, (4) Special Morpia, (5) Cart and Wagon Unloader,

If so, to what relief are the workmen entitled."

2. Notices were issued to the parties to file their respective statements. The Transport & Dock Workers' Union, Bombay had thereafter asked for an extension of time to file its statement of demand and the time was granted upto 14th of December 1964. In the meantime Shri Manohar Kotwal informed this Tribunal that he was moving the Ministry for amending the terms of reference. By the application dated the 16th February 1965 the Union had prayed for postponement of the hearing of this reference until the joint application for amending the said terms of reference was finally disposed of by the Ministry. Since then the matter was kept back but as nothing was heard from the parties, the matter set down for hearing.

3. When the matter came up for hearing on 28th July 1965, Shri Manohar Kotwal on behalf of the Union stated that he does not want to pursue the reference. He has filed the purshis stating that since the Government have not modified the terms of reference as requested, the Union desires to withdraw the above reference. The Bombay Port Trust have endorsed that the employers have no objection to the reference being withdrawn.

4. In view of the above purshis the demand is allowed to be withdrawn and stands disposed of.

S.O. 2649.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Chandigarh in respect of an industrial dispute between the management of the United Commercial Bank Limited and their workmen which was received by the Central Government on the 18th August, 1965.

## BEFORE SHRI K. L. GOSAIN, PRESIDING OFFICER, INDUSTRIAL TRIBUNAL, CHANDIGARH

REFERENCE No. 1/C OF 1965

BETWEEN

The employers in relation to the United Commercial Bank Limited and their workmen over the termination of services of Shri S. P. Handa.

PRESENT:

Shri V. S. Malik, Shri Tek Chand Sharma and Shri R. C. Duggal—for the workmen.

Shri K. M. Bagga—for the Management.

# AWARD

An industrial dispute having come into existence between the employers in relation to the United Commercial Bank Ltd. and their workmen in respect of the matter specified below, the Central Government passed the requisite orders under Section 7-A and clause (d) of Sub-section (1) of Section 10 of the Industrial Disputes Act 1947, and referred the case to this Tribunal for adjudication vide their Order conveyed by Letter No. 51(10)/65-LRIV dated 17th April 1965.

Whether the management of the United Commercial Bank Limited, Nakodar Branch was justified in treating Shri S. P. Handa as a temporary employee and subsequently terminating his services with effect from the 31st May, 1962? If not, to what relief is the workman entitled?

On usual notices having been issued to the parties the workmen filed their statement of claim and the management filed their written statement to the same. The pleadings of the parties gave rise to the following three issues which were framed on 15th July 1965:—

1. Is the reference invalid for the reasons mentioned in the written statement?
2. Was Mr. S. P. Handa appointed only as temporary hand? and
3. Whether the management of the United Commercial Bank Ltd. Nakodar Branch was justified in treating Shri S. P. Handa as a temporary employee and subsequently terminating his services with effect from the 31st May 1962? If not, to what relief is the workman entitled?

The parties led their evidence in support of the said issues and after the conclusion of the same their representatives addressed their arguments to me.

The facts giving rise to the dispute are as under:—

One Shri S. P. Handa was appointed by the Bank in their Nakodar Branch by means of a letter dated 13th November 1961 which is Ext. R-1. Para No. 2 of this letter provides:—

“You will be appointed on a purely temporary basis and your services are liable to be terminated at any time in the Bank’s discretion without any notice or salary in lieu thereof.”

The aforesaid period of six months as mentioned in the letter of appointment was to expire on 12th May 1962. On 18th April 1962 Nakodar Branch of the Bank submitted to their head office a detailed report in which they recommended that Shri S. P. Handa may be made permanent. This report is Ext. R-2. On 26th April 1962 the head office wrote in reply to their branch office at Nakodar in which they said as under:—

“Please refer to your report dated 18th instant on Mr. S. P. Handa sent through Jullundur Branch.

We note that you and the Chief Cashier of your Branch recommend Mr. Handa’s confirmation in the Bank’s service. We find that Mr. Handa was engaged for a period of six months from the 13th November 1961 and this period will expire on the 12th May 1962. Subject to his services continuing to be satisfactory, he may be confirmed in the Bank’s service and admitted to the membership of the Provident Fund with effect from the 1st June 1962. Please let me know, in due course, what is done in the matter. In order, however, to regularise the records, you will please extend Mr. Handa’s services upto and including the 31st May 1962. Please give him a letter accordingly and send us a copy of it for our records.”

Pursuant to this letter the Nakodar Branch of the Bank obtained a letter from Mr. S. P. Handa which is Ext. R.4 and in which Mr. Handa requested for extension of the period for some time more. The Nakodar Branch of the Bank wrote to their head office a letter on 7th May 1962 which is Ext. R.5. In this letter they said:—

“With reference to your letter No. 5-1/62 dated 26th April 1962 we beg to advise having extended the period of Mr. Handa’s service upto 31st May 1962 with a view to regularising the record. Copy of our letter of date given to and duly acknowledged by him is enclosed herewith.

We have noted to confirm the party in Bank’s service from 1st June 1962 under advice to Head Office.”

On 31st May 1962, however, the Nakodar Branch of the Bank wrote a letter to Mr. Handa informing him that his services were no longer required in the Bank. Mr. Handa was relieved from the service of the Bank in pursuance of the aforesaid letter Ext. R.6. He then approached his trade Union, who have taken up the present dispute on his behalf and at whose instance the present reference has been made to this Tribunal. My award on the various issues is as under:

## Issue No. 1

The plea of the Bank, which has given rise to this Issue, is that the Reference itself is invalid because it assumes that Shri S. P. Handa was a permanent employee and that his services were subsequently terminated. This plea has obviously no force. The case of the workmen before the Conciliation Officer was that although the Bank officials had said that the appointment of Mr. S. P. Handa was purely temporary the post against which the said appointment had been made was a permanent one as it existed before the appointment and continued to exist even after the termination of Mr. Handa's services. The plea taken by the workmen was that the appointment was not infact on temporary basis but was wrongly shown to be so by the Bank. The reference has, however, left the matter open for decision by this Tribunal whether Mr. S. P. Handa should be treated as a temporary employee or should be treated otherwise. The reference envisages a decision by the Tribunal on two points which are:

1. Whether the Bank was justified in treating Mr. S. P. Handa as a temporary employee? and
2. Whether the Bank was justified in terminating his services with effect from 31st May 1962?

In fact I allowed the Bank to prove that Mr. S. P. Handa was a temporary employee and on the request of the Bank I framed Issue No. 2 which is specific on this point. The management has been wholly unable to convince me that the reference is in any way invalid.

## Issues Nos. 2 and 3.

These two issues can be conveniently dealt with together and I shall deal with them so. The case of the workmen is that at the time when a workman seeks a job he is generally out of job and is feeling helpless. He does not mind accepting a letter of appointment in which it is said that the job is a purely temporary one and that his services would be liable to be terminated without any notice or without payment of any salary in lieu thereof. The fact that the appointment letter contains such a clause is by itself not conclusive evidence of the fact that the appointment was purely a temporary one. It is contended on their behalf that the Tribunal has to apply its mind to all the circumstances of the case and to the evidence led before it to find out whether the intention of the parties was that the employee should be treated as on purely temporary basis. My attention has been drawn to the fact that there was a person previously on this job and that the job did not end on 31st May 1962 when the services of Shri S. P. Handa were dispensed with. The next argument of the workmen is that the appointment of Mr. S. P. Handa was really on probation basis and that if his work was found satisfactory he was to be confirmed. Their further case is that according to the All India Industrial Tribunal (Bank Disputes) award popularly known as Sastry award any probationer who has worked for six months must be deemed to have been automatically confirmed unless he has been informed to the contrary.

The contention of the Bank on the other hand is that Mr. S. P. Handa was purely a temporary employee and that the Bank was justified in terminating his services at any time it liked. In my opinion it is not necessary to record any considered judgment in this case on the point as to whether Mr. Handa's appointment was a purely temporary one or as to whether he was a probationer because I have no doubt that even on the assumption that Mr. S. P. Handa was originally appointed as a purely temporary employee, the workmen must succeed on the short ground that action of the Nakodar Branch of the Bank in terminating the services of Mr. S. P. Handa on 31st May 1962 was totally unjustified. While giving facts in the earlier part of this judgement I have referred to the report Ext. R.2 and letters Exts. R. 3 and R.5 of the head office of the Bank and of the Nakodar branch of the Bank. The Nakodar branch submitted the report Ext. R-2 in which the Chief cashier stated:—

"I am quite satisfied with his work and recommend his case for confirmation"

and in which the manager stated:

"He may please be confirmed".

The head office accepted the above recommendations and conveyed to the Nakodar branch that Mr. S. P. Handa may be admitted to the membership of the Provident Fund with effect from 1st June 1962. As a matter of fact the letter

Ext. R.4 was taken from him by the Nakodar branch merely with a view to regularise the records because the head office had itself said in Ext. R-3 that

"In order, however, to regularise the records you will please extend Mr. Handa's services upto and including 31st May 1962."

In their reply to this letter the Nakodar branch of the Bank informed the head office that the services of Mr. S. P. Handa had been extended to 31st May 1962 'with a view to regularising the record'. In this letter they also stated:

"We have noted to confirm the party in Bank's service from 1st June 1962 under advice to head office".

Nothing has been placed on the record and no evidence has been led to show how and why the Nakodar Branch of the Bank changed its mind and relieved Mr. Handa on 31st May 1962 on the basis that his services were only temporary. When the Manager of the Nakodar Branch came in the witness box I particularly put a question to him to enquire if the matter was again referred to the head office after their letter Ext. R.3 but the manager was unable to say if such a reference was made. His answer was:

"I do not know, whether I received any letter from the head office after Ext. R. 3."

It is not the case of the Bank that the Nakodar Branch did not find work of Mr. S. P. Handa to be satisfactory after the receipt by them of letter Ext. R.3 or after the report by them Ext. R.2. The manager has not said a word about it even in his evidence which he gave in Court. The Nakodar branch of the Bank has totally failed to assign any reason for its abrupt change of mind in dispensing with the services of Mr. S. P. Handa on 31st of May 1962 instead of treating him as a permanent employee from 1st June 1962. Reading Exts. R.3, R. 4 and R.5 together I have no hesitation in coming to the conclusion that the Bank had in fact made him permanent with effect from 13th May 1962 and that for a few days in between 13th May and 31st May 1962 his services had merely been shown to be temporary only as a matter of form and merely with a view to regularise their records. It appears to me that the Bank wanted that Mr. S. P. Handa should be admitted to the membership of the provident fund with effect from 1st June 1962 rather than from a date in between the month of May. When they said that Mr. Handa's services may be extended upto and including 31st May 1962 with a view to 'regularise the records' it can have no other meaning than this that for all practical purposes Mr. Handa was a confirmed workman but that he would be shown as such with effect from 1st June 1962 rather than from a date in between the month. Even otherwise the Nakodar Branch of the Bank after the receipt of Ext. R.3 by them and after their letter Ext. R.5 had no justification in terminating the services of Mr. S. P. Handa without assigning any reason in support of their sudden change of mind and this strange action of theirs.

Even if Mr. Handa was a purely temporary hand paragraph 522(4) of the aforesaid Sastry award required the Bank to serve him with a notice of atleast 14 days before termination of his services. All contracts of service with regard to Bank employees are subject to the provisions of the All India Industrial Tribunal (Bank Disputes) Awards, one of which is known as Sastry Award and the other as Desai award.

Even under the Shops & Establishments Act which is decidedly applicable to the case an employee who has put in more than 3 months' service is entitled to a fortnight's notice before he can be thrown out of the job.

The Bank has not shown any satisfactory reason for dispensing with the services of Mr. S. P. Handa on 31st May 1962 in utter disregard of the head office's instructions contained in Ext. R.3. and the assurances of the concerned branch of the Bank contained in Ext. R.5. They have also shown no reason for noncompliance with the terms of the aforesaid Sastry's and Desai's awards or for noncompliance with the provisions of the Shops & Establishments Act. In my opinion Mr. S. P. Handa could not be treated as a purely temporary employee more especially because of the letters Exts. R. 3 and R. 5 and the Bank was totally unjustified in terminating the services of Mr. Handa with effect from 31st May 1962. I would, therefore, decide these issues against the Bank and direct the Bank to reinstate Mr. S. P. Handa on his old job with continuity of and without any change in the conditions of his service.

He will be paid his back wages for the period of unemployment at the same rate at which wages were being paid to him immediately before the termination of his services. No order as to costs.

Presiding Officer,  
Industrial Tribunal, Chandigarh.

## MINISTRY OF PETROLEUM &amp; CHEMICALS

New Delhi, the 5th August 1965

S.O. 2651.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum between Barauni Refinery in Bihar State and Haldia Port in Calcutta in West Bengal State, pipelines should be laid by the Indian Oil Corporation Limited and that for the purpose of laying such pipelines, it is necessary to acquire the right of user in the land described in the Schedule annexed hereto,

2. Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

3. Any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipelines under the land to the competent authority, 9, Syed Amir Ali Avenue, Calcutta—17 in the office of the Indian Oil Corporation Limited. Every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

THE SCHEDULE

Sl. No.	No. and Title of the Indian Standard Established	No. and Title of the Indian Standard or Standards, if any, superseded by the new Indian Standard	Brief Particulars
(1)	(2)	(3)	(4)
1.	IS:384-1964 Specification for brushes, paints and varnishes, flat ( <i>second revision</i> )	IS:384-1961 Specification for brushes, paints and varnishes, flat ( <i>revised</i> )	This standard prescribes the requirements, sampling and methods of test for flat brushes for paints and varnishes, made from bristles and set in a suitable cement. (Price Rs. 3.50).
2.	IS:434 (Part I)-1964 Specification for rubber-insulated cables Part I with copper conductors ( <i>revised</i> )	IS:434-1953 Specification for rubber-insulated cables and flexible cords for electric power and lighting (for working voltages up to and including 11 kV) ( <i>tentative</i> ).	This standard covers the requirements for 14 types of vulcanized rubber-insulated cables and 4 types of flexible cords, listed therein, with copper conductors. (Price Rs. 10.00)
3.	IS:434 (Part II)-1964 Specification for rubber-insulated cables Part II with aluminium conductors ( <i>revised</i> ).		
4.	IS:635-1964 Specification for oil and solvent resisting hose of rubber with woven reinforcement ( <i>revised</i> ).	IS:635-1955 Specification for oil resisting hose.	This standard prescribes the requirements and the methods of sampling and test for oil and solvent resisting hose of rubber with woven fabric reinforcement and built on mandrels. (Price 1.50).
5.	IS:808-1964 Specification for rolled steel beam, channel and angle sections ( <i>revised</i> ).	IS:808-1957 Specification for rolled steel beam, channel and angle sections.	This Indian Standard lays down the nominal dimensions, weight and basic geometrical properties of rolled steel beam, channel and angle sections. (Price Rs. 4.00)
6.	IS:919-1963 Recommendations for limits and fits for engineering ( <i>revised</i> ).	IS:919-1959 Recommendations for limits and fits for engineering.	This standard makes recommendations relating to limits of size of parts or components and to fits constituted by their assembly. (Price Rs. 10.00).
7.	IS:1200-1964 Method of measurement of building works ( <i>revised</i> ).	IS:1200-1958 Method of measurement of building works.	This standard covers the methods of measurement of building works, and applies to the preparation of estimates and bills of quantities, and to site measurements. (Price Rs. 10.00).

(1)	(2)	(3)	(4)
8	IS:1356-1964 General requirements for electrical equipment of machine tools (revised).	IS:1356-1959 General requirements for electrical equipment of machine tools.	This standard lays down general requirements in regard to the application of electrical components, such as control apparatus, motors, wiring, and accessories to machine tools, for connection to circuits which operate from a supply voltage not greater than 650 volts (Price Rs. 6.00).
9	IS:1885 (Part V)-1965 Electrotechnical vocabulary Part V quartz crystals	..	This standard covers definitions of terms applicable to quartz crystals used in oscillators (Price Rs. 1.50).
10	IS:2458-1965 Glossary of terms for toothed gearing.	..	This standard is intended to cover geometrical definitions commonly used in the gearing industry (Price Rs. 8.00).
11	IS:2542 (Part II)-1964 Methods of test for gypsum plaster, concrete and products Part II gypsum products	..	This standard (Part II covers the methods for carrying out 10 tests, listed therein, on gypsum products (Price Rs. 2.50).
12	IS:2720 (Part XV)-1965 Methods of test for soils Part XV determination of consolidation properties.	..	This standard covers the method for conducting one dimensional consolidation test using either fixed or the floating ring on soils both disturbed and undisturbed in the saturated condition for determining the rate of consolidation of the soil under a normal load and the degree of consolidation at any time. (Price Rs. 3.50).
13	IS:2810-1964 Glossary of terms and symbols relating to soil dynamics	..	This standard covers definitions of terms relating to soil dynamic. The symbols that are used to represent some of the terms are also given. (Price Rs 2.50).
14	IS:2840-1965 Specification for china clay for ceramic industry	..	This standard prescribes the requirements and the method of sampling and test for china clay used in the ceramic industry (Price Rs 4.00).
15	IS:2892-1964 Specification for wooden handles for picks and beaters	..	This standard covers the requirements of wooden handles for picks and beaters (Price Re 1.00).
16	IS:2911 (Part I)-1964 Code of practice for design and construction of pile foundations Part I Load-bearing concrete piles	..	This standard covers the design and construction of reinforced concrete load-bearing piles (Price Rs 7.00).

(1)	(2)	(3)	(4)
17	IS:2011 (Part II)-1965 Code of practice for design and construction of pile foundations Part II timber piles	..	This standard covers the design and construction of round timber piles used either for load bearing or for the compaction of ground (Price Rs. 2.50).
18	IS:2938-1964 Method of grading raw silk	IS:461-1953 Method of grading raw silk ( <i>tentative</i> )	This standard prescribes methods of grading Class I, Class II and Class III raw silk (Price Rs 7.00).
19	IS:2041-1964 Methods for conducting winding test for raw silk	IS:464-1953 Method for conducting winding test for category I raw silk ( <i>tentative</i> ) IS:474-1953 Method for conducting winding test for category II raw silk ( <i>tentative</i> )	This standard prescribes methods of test for determining the number of times the raw silk will 'break' in winding it on to bobbins off the skeins (Price Rs. 2.50).
20	IS:2942-1964 Methods for determination of size (count) deviation and maximum deviation of raw silk	IS:455-1953 Method for conducting size (denier) deviation and maximum deviation tests for category I raw silk ( <i>tentative</i> ) IS:475-1953 Method for conducting size (denier) deviation and maximum deviation tests for category II raw silk ( <i>tentative</i> )	This standard prescribes methods for determining the size (count) deviation and maximum deviation expressed in tex units (or denier) of all classes of raw silk (Price Rs 2.00).
21	IS:2943-1964 Method for determination of conditioned size (count) of raw silk	IS:466-1953 Method for conducting average conditioned size (denier) test for category I raw silk ( <i>tentative</i> ) IS:476-1953 Method for conducting average conditioned size (denier) test for category II raw silk ( <i>tentative</i> )	This standard prescribes a method for determining the conditioned size (count) of all classes of raw silk. (Price Rs 1.50)
22	IS:2944-1964 Method for determination of evenness and low evenness of raw silk.	IS:467-1953 Method for conducting evenness and low evenness tests for category I raw silk ( <i>tentative</i> ) IS:477-1953 Method for conducting evenness and low evenness tests for category II raw silk ( <i>tentative</i> )	This standard prescribes a method for determining the degree of evenness and low evenness of raw silk (Price Rs 3.50).
23	IS:2945-1964 Methods for determination of cleanness of raw silk	IS:468-1953 Method for conducting cleanness tests for category I raw silk ( <i>tentative</i> ) IS:478-1953 Method for conducting cleanness test for category II raw silk ( <i>tentative</i> )	This standard prescribes methods for determining the degree of cleanness of raw silk on the basis of the incidence of cleanness defects of all classes of raw silk. (Price Rs 2.00).

(1)	(2)	(3)	(4)
24	IS:2946-1964 Methods for determination of neatness and low neatness of raw silk.	IS:469-1953 Method for conducting neatness test for category I raw silk ( <i>tentative</i> )	This standard prescribes methods for determining the degree of neatness, and low neatness of Class I raw silk and the degree of neatness of Class II raw silk, on the basis of the incidence of the neatness defects (Price Rs. 2.00)
25	IS:2947-1964 Method for determination of the tenacity and elongation of raw silk by serigraph test.	IS:479-1953 Method for conducting neatness test for category II raw silk ( <i>tentative</i> )	
26	IS:2948-1964 Method for determination of cohesion of raw silk.	IS:470-1953 Method for conducting serigraph test for determining the tenacity and elongation of category I raw silk ( <i>tentative</i> )	This standard prescribes a method for determining the tenacity and elongation of all classes of raw silk by serigraph test (Price Rs. 1.50)
		IS:480-1953 Method for conducting serigraph test for determining the tenacity and elongation of category II raw silk ( <i>tentative</i> )	
		IS:471-1953 Method for conducting cohesion test for category I raw silk ( <i>tentative</i> )	This standard prescribes a method for determining the degree of cohesion (agglutination) of cocoon filaments forming thread of all classes of raw silk (Price Rs. 1.50)
		IS:481-1953 Method for conducting cohesion test for category II raw silk ( <i>tentative</i> ).	
27	IS:2959-1965 Specification for contractors of voltage not exceeding 1,000 volts.	..	This standard covers contractors intended for making and breaking electric circuits. It applies only to contractors the main contacts of which are intended to be connected in circuits of nominal voltage not exceeding 1,000 volts between lines (Price Rs. 5.50).
28	IS:2982-1965 Specification for copper conductors in insulated cables and Cords.	..	This standard gives requirements for plain or tinned, annealed high conductivity copper conductors used in insulated cables and cords (Price Rs. 4.50).
29	IS:2991-1965 Specification for base paper for waxed paper.	..	This standard prescribes the requirements and the methods of sampling and test for base paper for waxed paper (Price Re. 1.00).

(1)	(2)	(3)	(4)
30	IS:3017-1965 Specification for thermostats for use with electric water heaters.	..	This specification covers thermostats of the stem type for use with electric immersion water heaters and electric storage type water heaters, intended for use on ac circuits at voltages not exceeding 250 V and at current ratings not exceeding 25 A. (Price Rs. 3.50)
